FLOOR PLAN

THE WEST WING

With seated capacity for up to 68 guests, The West Wing's set floor plan ensures comfort and convenience for you and your guests!

The space includes AUX, HDMI & USB connections, allowing the flexibility to play your own music and images throughout your celebration.

This floor plan does not include high tables on The West Wing terrace, however please note that these tables aren't protected from weather.

We understand that some functions may have last minute guests attending, and therefore any guests that overflow from The West Wing are welcome to sit outside of the function room on any unreserved tables as long as there is no interruption or disturbance to our other patrons. We do recommend that additional food is purchased on the day from our regular bistro menu to account for any additional guests.

This floor plan is set for all events and can not be altered.
